“Natural Resources Resiliency in Changing Times”

The NAFWS has had silent auctions and raffles during the National Conferences as a way to raise money and that assists us in our efforts for future events. Greg Soder, a long time Society member and member of the Narragansett Tribe coordinated the silent auctions for the Society for more than 20 years. We are humbled if a donation in Greg’s honor could be contributed for this year’s silent auction or raffle so as to keep this tradition going.
